**Grading:**

This class is a 1 credit class. To successfully complete the class, you may miss at most one class session. If you have one absence, you will receive a 3.0. In order to receive a 4.0, you must attend all of the sessions.

**Make-ups:**

If you miss a class session, you may view a video of a past Science Seminar online and write a minimum one-page (250 words) summary of that session. The summary must make it clear that you have seen the entire session. Videos may be found at <http://scienceseminars.highline.edu/> You may make up at most one class.

**Dishonesty:**

Dishonest such as cheating, or claiming other's work as your own will be dealt with in accordance with Highline College policies and may result in failure on the assignment, dismissal from the class, a failing grade in the course, or other penalties. I will conform to and enforce the principles and policies outlined in the Student Rights and Responsibilities document available from the Office of the Vice President for Students.

**Disabilities:**

Both Highline College and I are committed to providing access to education for students with disabilities. If you need course adaptations or accommodations because of disability; if you have emergency medical information to share with the instructor; or if you need special arrangements in case the building must be evacuated, please provide me with the Letter of Accommodation you have received from the Office of Access Services. Access Services is located in Building 99. Please inform me of any necessary accommodations sufficiently early that I can make appropriate arrangements. All accommodation requests will be held in complete confidentiality.

**Student Responsibilities:**

Students are expected to abide by the code of conduct as stated in the student handbook. Deviation could result in dismissal from the classroom and possibly disciplinary action. Actions or inaction that could be detrimental to the academic experience of others in the community will be dealt with as harshly as possible.

You are responsible for attending class every day. The only exception to this is a college closure (such as due to snow).
